| (1186x4047= 4799742) | Difference Rs. 3496608) | 19950000 |
| Difference Rs. 8247786 | | |

Total amount to be paid by the promoter = Rs. 3,16,94,394.00

NOTE:

- External Developments Charges (EDC) are the charges for utilization of existing infrastructure/ proposed infrastructure.
- The External Development Charges will be utilized by the concerned local planning and urban development authorities for providing infrastructure. In

case the concerned authority feels that connectivity is required from any local body or any work is to be got executed from a local body, the proportionate amount may be deposited by the authority with the local body on case to case basis. Conversion charges will be deposited in the Government Treasury and License/ Permission Fee will be retained by the concerned urban development authority for planning and development of areas under its jurisdiction.

Separate account shall be maintained for each of the above charges.

- 3. As has been decided in the meetings of Cabinet Sub-committee on additional resource mobilization, process of grant of CLU has to be simplified and rationalized. It has been decided that to avoid multiplicity and to have uniform rates, only one agency i.e. Department of Housing and Urban Development will approve the change of land use/grant permission of land use against payment of prescribed charges, because it is the concerned urban development authority which has to upgrade the physical infrastructure as a consequence of increased pressure on utilities due to CLU. Therefore if any industrial plot is allowed for conversion to commercial use, differential of commercial and industrial rate will be charged by the Department of Housing and Urban Development from the promoter and CLU will be approved. illustration is given before.
- 4. The purchase of higher FAR, than prescribed, at half the proportionate rate, for Group Housing and Commercial purposes, shall be allowed subject to admissibility under town planning norms, structural and fire safety as per National Building Code.
- License/Permission fee is the fee for granting permission to colonizers/promoters for their projects.
- 6. Where a piece of land falls in more than one Potential category the proportionate rate for each category shall apply.
- 7. The reserved area (until it is planned) and open area under roads and parks, school, dispensary and other utilities shall be charged at the rate of residential plotted area.
- 8. For mixed land use, proportionate charges for different categories shall apply.

- 9. Abbreviation used indicates NH: National Highway; SR Scheduled Road.
- Inter Sector Road is the Sector dividing/Scheduled Road or a road with Right
 Way of minimum 80 feet.
- 11. The conversion/CLU charges shall be at the rate as on the date of grant of permission for CLU. The license/permission fee and EDC shall be charged at the rate on the of grant/exemption where as date of license. In cases CLU/license/permission has been granted prior to the notification of this policy, the rates shall be as specified in each permission order, Since in most of previous permission orders, it was specified that conversion charges and EDC charges shall be the charges as and when levied/on account basis, in such cases the present rates shall apply.
